Andrew and Rosemary Wolfe
304 Covert Run Pike
Bellevue KY 41073

Dear Mr. and Mrs. Wolfe:

As your State Representative, I am pleased to inform you of a project that I was able to secure in the state budget that will significantly improve the City of Bellevue's flooding issues.

For too long Covert Run Road has been in need of major repair work which the City of Bellevue could not afford to fund. Heavy rains and flooding have caused significant damage to your houses, resulting in costly repairs and lower housing prices.

Last year I was able to secure \$200,000 in the state budget for storm water repairs. This year, I won approval for a \$350,000 appropriation which will allow us to rebuild the road so that storm water runoff will be diverted from your homes. This project will alleviate the flooding problems you and your neighbors have suffered.

One of the most important responsibilities of serving as your legislator is to improve the quality of life for my constituents. I believe the improvements to Covert Run Road are evidence of that commitment, and I am proud that this project will become a reality soon.

Please let me know if I can be of further service to you or your family.

Sincerely,

A handwritten signature in black ink that reads "D. Keene".

Dennis Keene
State Representative
